I'm with you. It's not a good precedent to post news stories on our website... We have a fact sheet and info graphic on where marijuana money goes that are posted in a couple of places on our site. We could probably improve on it, and would love Andy's input.

Dana,

What are your thoughts about posting news stories like this? I agree with Andy that this was an informative story. Although, I think a better comparison would be to all funding for Colorado districts than CDE's budget, but that is just me. However, it doesn't feel quite right to me to post. Thoughts??

Channel 7's video about where the pot money goes is pretty good. We could post something like that on our website as well.
